

Subject: Request for Permission to Register
for Final Year Project (Fall 2026)

Respected Ma'am Moudaha Fatima,

I respectfully request your permission
to register for the Final Year Project
(Fall 2026). I have completed 96 credit
hours, but I have not reached the
required 100 credits hours because
courses such as Expository Writing and
Multivariable Calculus were not offered.
These courses will be offered in
the upcoming semesters.

Kindly allow me to register for
Final Year Project in fall 2026
so that I can continue my
studies without delay.

Thank you for your kind consideration

Sincerely,

Hayeeb Tariq
